THE wage-earners constitute the corner stone of this Republic.

THE Republican party believes in honesty in dollars as well as in other things.

THE Springer bill may be a yard wide, but it isn't all wool by a good deal. The farmers and wool raisers are on to this fact big.

FARMERS will make a note of this: Exports of breadstuffs for February of this year amount to \$28,850,990, as against \$8,349,967 last year.

THE light from the World's tower looked blue on Wednesday night. The light from the countenances of the Democrats was of the same hue. Little Rhody did it.

DEMOCRATS have little to hope for this year. Republicans have learned with sorrow that disensions will not win victories and are coming together where there has been any disagreement.

FROM present indications the Republican party will not be as badly split for the fall campaign as the Democrats predict it will. The feeling in town Thursday after the convention was of a most encouraging character. The addresses of Candidate Coyle and John A. Latham caused many of the lukewarm ones to put on their thinking caps with very favorable results.

HENRY K. BOYER, who is about to retire from the State Treasury, will be nominated for the Legislature from Philadelphia and will be elected by one of the largest majorities ever given

to a candidate in that district. Without question he is one of the most popular men in that city. With his return to the Legislature, what would prevent him from becoming Speaker again?

ACTING upon the suggestion we made a few weeks ago in reference to the starving Russians a call is out for a public meeting to consider a plan for raising funds for their relief. The meeting will be held on Monday evening at eight o'clock in Ferguson's theatre which has generously been offered for the purpose, free of charge, by Mr. Ferguson. The gentlemen who are behind this movement have given the matter some thought and will submit a practicable and a wholly unobjectionable plan for raising funds for this purpose. We understand that no contributions will be asked for at this meeting. Shenandoah ought to show its appreciation of the aid received in the time of its need by doing something for the starving millions of Russia.

WHATEVER the Republican side of the House lacks in numbers is made up by a full supply of courage, brains, and clear-sighted determination. The splendid conduct of the Republican minority during the fight over the silver bill extorted expressions of admiration from such a stiff-necked Democrat as Crain of Texas. "I couldn't help," said Mr. Crain, "but admire the magnificent discipline displayed by the Republican minority. It was equal to that of a German regiment. They advanced, retreated, wheeled, faced about, marched, counter-marched, and charged like trained veterans. It was magnificent, and it was politics." Several hundred thousand Republicans say ditto to that. The Republican minority has done nobly.

Pure and Wholesome Quality Commends to public approval the California liquid laxative remedy, Syrup of Figs. It is pleasant to the taste and by acting gently on the kidneys, liver and bowels to cleanse the system effectually, it promotes the health and comfort of all who use it, and with millions it is the best and only remedy.

## COUNCIL'S ACTION RAISES A STORM.

### PUBLIC SENTIMENT IN FAVOR OF THE ELECTRIC.

### INDIGNATION BOILS ON ALL SIDES.

The Threat to Institute Injunction Proceedings Declared an Outrage and the Councilmen Who Have Made It Talk of a Public Meeting.

IN the store, on the streets, in hotels, lodge rooms and all public places the action the eight kicking Councilmen took on Thursday night is a topic of conversation, in which the Councilmen are denounced in unmistakable terms. The people know what the electric railway is now, know how it is operated, and see the benefits that can be derived from it and do not hesitate to say that the Councilmen who have blocked its progress are either knaves or fools. Meanwhile the kickers, knowing the result of such a swift running tide, are trying to explain matters and justify their action, but thus far they have not accomplished anything in that direction.

There is a general desire to know the names of the eight Councilmen who voted for the measure. They were Gable, Bettering, Lamb, Coakley, VanDusen, James, McGuire and Stout—the combination that elected the ticket at the organization of Council. The impression that the combination is pledged to down everything with which Finney and his friends are connected, irrespective of the merits, is now accepted on all sides.

There was some talk on the streets yesterday in favor of calling a mass meeting to give expressions of opinion on the work thus far accomplished by the electric railway and the work to be done, and to denounce the eight Councilmen. The agitation increased to-day.

The people on South Main street are up in arms. The property owners and business men of that section who have fixed up and leased places to meet the increased trade they expected from the traffic, are badly disappointed.

The stoppage of the construction has simply resulted in this: The throwing out of employment of many men and a severe loss to merchants and others who reside and do business in the localities through which the road cannot now pass.

Compare the action of our Councilmen to that of the Mahanoy City Council: Last evening Judge Sadler and J. R. Coyle, Esq., attended the meeting of the latter body and asked that the time for finishing the electric road in that town be extended ninety days. The Council unanimously extended the time four months—and, in addition, made this provision: That the rails be of the "T" pattern, plank six inches inside from each rail, and broken stone be placed between the planks and 18 inches outside of each rail, and that when the borough paves the streets the railroad company must pave.

Mahanoy City encourages enterprises that will benefit the town. Shenandoah is stilled by prejudice.

Mahanoy City sees the advantage of getting into the field first and her Councilmen do not intend to let their personal prejudices work to the injury of her merchants.

Judge Sadler is making arrangements to begin work at Mahanoy City on Monday.

To-day Judge Sadler ordered the closing up of the trench on South Main street, in accordance with his promise to the kicking Councilmen that if the rails were not laid on that street the trench would be refilled.

Yesterday afternoon a number of our townsmen filled one of the electric cars and enjoyed a ride as guests of the company from the corner of Main and Centre streets to the power house and return. The party consisted of S. G. M. Hoppeler, J. K. P. Scheilly, F. J. Potts, J. B. Lassaig, D. J. Conners, Harry Bishop, S. Schloss, T. B. Biddell, Dr. Hamilton, M. J. Cleary, A. J. Gallagher, Richard Amour, H. J. Muldoon, H. E. Dengler, B. J. Yost, J. J. Monaghan, T. J. Higgins, Martin Parcell, John Weeks, W. J. Brennan, James McElhenny, Max Reese, P. P. D. Kirin, M. J. Lawlor, Daniel Brennan and John J.

Cardin. The car was in charge of Patrick Stack, F. H. Hopkins, Daniel Deo and John Leckie, with Richard Hornberger and Geo. M. Boyer as attendants. Patrick Stack manipulated the motor appliances skilfully and brought the visitors back to town in excellent humor. A stop of half an hour was made at the power house, during which James Knox Polk Scheilly distributed several bottles of champagne lager beer and tongue and cheese sandwiches. People who travel on the road should bear in mind two things. When they want to go to Lost Creek they should ask for the green car. The yellow car stops at the Scheilly House.

## COUNCIL ECHOES.

Themes Brought to Mind by Actions of the Kickers.

Councilman Lamb tried to get Council to change the location of the fire alarm box now at the corner of Main and Poplar streets to the corner of Jardin and Poplar streets, but in the absence of any proof that the box was not placed according to the map of locations the matter fell through.

Thanks to Councilman Stout's old age, one of the Ancient and Illustrious Order of Kickers succeeded in getting into a position that will give him ample opportunity to embarrass the electric railway company.

Some of our Councilmen will "monkey" with the electric railway until they thoroughly disgust the intelligent citizens. There will be a sitting down some time and the kickers will be the cushions.

There is a general feeling of regret that Lawyer Coyle was interrupted in one of his addresses in Council Thursday night. The suspicion that a Councilmanic investigation would bring up some foul odors is growing daily.

The only concession the kickers will make in the electric railway matter is that Judge Sadler is a gentleman. Well, there is one thing these people know when they see it.

If a mass meeting of the citizens should be called for expressions on the electric railway question the Ancient and Illustrious Order of Kickers would receive a back eye to the tune of 99 to 1.

Since Superintendent Eberle left here Councilman Archie Lamb's opinions of electric railways have been rather shady.

It is reported that an agent for a dime museum is on a still hunt for the anti-electric Councilmen.

## THE STARVING PEOPLE OF RUSSIA.

### STEPS TO RELIEVE THEIR DISTRESSED CONDITION TAKEN.

### A PUBLIC MEETING TO BE HELD

Town People to Meet in Ferguson's Theatre on Monday Night to Devise a Plan of Operations—The Welsh Baptist Will Act To-morrow.

WHEN the HERALD called attention several days ago to the appeal from Philadelphia for contributions of food from all towns and cities in the state for the starving people of Russia the members of the Welsh Baptist church commenced work at once and last Sunday adopted a resolution to take a collection from its congregation to-morrow, on condition that the money be expended in this country to supply the provisions. In accordance with the resolution the collection at the service in the church to-morrow evening will be used for the relief.

The following call has been issued:

A town meeting will be held in Ferguson's theatre on Monday, April 11th, 1892, at 8 p. m., to take action looking to the raising of a relief fund for the sufferers from the Russian famine.

## ARE YOU IN IT?

Laws of the Ancient and Illustrious Order of Kickers.

Applications for membership must be accompanied with a pledge to do everything to "down de gang."

Applicants must have muscular tongues, elastic consciences, solid heads, and, as an evidence of a direct descent from the sea, must be a good kicker.

The grip—Walk up to the President of the electric railway, grasp him by the hand, and tell him he is a gentleman.

Countersign—Wink your left eye and say, in a voice loud enough to be heard by the people, "the electric road people are fooling the public."

Recognition sign—Differ with everybody, not a member.

When wishing to become a member, rap some member of "de gang" on the knuckles.

Sign of distress—Yell "Finney and his Gang."

Set Him Right. Geo. Augustus Sals, the well known English writer, on his last Australian trip wrote as follows to The London Daily Telegraph:

"I especially have a pleasant remembrance of the ship's doctor—a very experienced maritime medico, indeed, who tended me most kindly during a horrible spell of bronchitis and spasmodic asthma, provoked by the sea fog which had swooped down on us just after we left San Francisco. But the doctor's prescriptions and the increasing warmth of the temperature as we neared the Tropics and, in particular, a couple of Alcock's Porus Plasters clapped on—one on the chest and another between the shoulder blades—soon set me right."

Prohibition Meeting. The Prohibitionists will hold their county convention in Robbins' Hall, over the post office, on Tuesday afternoon, next, at 2 o'clock. State Chairman, H. D. Patton, of Lancaster, will preside. At intervals, Miss Lily Runals, the charming singer of New York, will sing. In the evening, at 7:30 o'clock, a free entertainment will be given in the Presbyterian church, in which Miss Runals and others will take part. The public is respectfully invited.

Skating To-night. The skating rink in Robbins' opera house will be open to night, music to be furnished by the Schoppe orchestra. Under the new management of Messrs. Severn & McElhenny the rink is bound to do a big business.

A Cadet Corps. Efforts are being made to organize a Cadet Corps in town. Young men, of good habits and respectability, between the ages of 16 and 20 years, wishing to connect themselves to the corps, are requested to send their names to Daniel & Dodson, 18 South Main street.

The way to get rid of a bad cough or cold is to use Dr. Oxe's Wild Cherry and Senecla. Price 25 and 50 cents.
